MAYSVILLE FERRY MAY CHANGE HANDS IN NEAR FUTURE

Meeting of Business Men, Officials and Out-of-town Folks to Be Held This Evening to Discuss Ferry Purchase.

At meeting of very much importance to Mayville will be held this evening at the Chamber of Commerce when a number of Manchester, Ohio, gentlemen interested in the purchase of the Mayville and Aberdeen ferry will meet with the Directors of the Chamber of Commerce and representatives of the city administration.

For some time there has been considerable interest shown by these out-of-town people in the purchase of the ferry boat and franchise and the meeting this evening has been called at their request to talk the situation over with the city officials and the business men of the city.

All of the business interests will welcome a change if it is for the better and one of the main things that should be considered is a right ferry so that Mayville can be reached by our Ohio neighbors at any time they desire to come here. A night ferry would be of great benefit to Mayville in many ways. It would mean that more tourists would come our way and would be of great benefit to the Mayville hotels. A regular schedule service is another thing that should be taken into consideration should the ferry system change hands and it is to be hoped that if there is a change in ownership and management that the boat will make regular trips at certain times all during the day and until a late hour at night.

The ferry question has been one that has been much discussed of late and the tobacco interests of the city are especially interested in seeing a first-class ferry system for there is much tobacco delivered here each season from the Ohio district and at this evening's meeting the tobacco interests will have a special representative committee to present their suggestions as to how the system should be improved.

PLEADS GUILTY TO PETIT LARCENY

John Jones has entered a plea of guilty in Police Court to a charge of petit larceny for stealing a pair of overcoat lines from Bauer & Kilip's harness store and was given a jail sentence of 30 days by Police Judge John L. Whitaker.

MAYSVILLE WILL HAVE ANOTHER BIG RETAIL STORE

Representative of One of the Largest Retail Syndicates in the World Here Today Seeking Location For New Store.

Mayville will have a new Five and Ten Cent Store in the very near future. This became known today upon the visit here of one of the District Superintendents of the F. W. Woolworth Five and Ten Cent Syndicate. This concern, which is one of the largest syndicates in the world operating over 300 retail stores in the United States, Canada, England and France, has been looking for a good location in Mayville for several years.

Representatives of the company have visited the city several times but never yet have they been able to find a suitable location or to definitely decide on locating one of their large stores here.

The Woolworth man in Mayville today informed the Ledger that his company had now definitely made up their minds to locate a retail Five and Ten Cent Store in Mayville and that now he was here simply to get the location. The Woolworth syndicate does things right and their representative says that they intend to give Mayville one of the best stores in the state.

DEATH NEAR ORANGEBURG

Mr. William A. Browning, a prominent and highly respected farmer of the Orangeburg precinct, died Wednesday morning about 11 o'clock at his home on the Wolfe Run Pike after a lingering illness of nearly four years. Mr. Browning is survived by his wife and aged parents and three sisters and one brother, Mrs. John Furlong of Mayville, Mrs. Charles Mattingly of Climax, Kansas, Mrs. Taylor Newdgate of Fleming county, and Mrs. Charles Browning of Mason county. The funeral will be held Friday morning at 11 o'clock at the Christian Church at Mt. Carmel. Interment in Mt. Carmel cemetery.

ALADDIN AND THE WONDERFUL LAMP BOOKED

For the benefit of the Parent-Teacher Association of the First District School, Colonel J. Barbour Russell, has booked the famous fairy tale picture of Aladdin and the Wonderful Lamp for next Friday at the Washington Opera House. There will be a special matinee and evening performance of this wonderful Fox production and all of the children and their parents in the city are urged to be in attendance.

PURPOSE OF MEET IS TO ASSIST THE RETURNING SOLDIERS

Representatives of the Local Churches Will Meet Friday Evening to Continue Work Recently Begun to Help Soldiers.

Every father who attended the Father and Son Banquet should endeavor to be present at the men's mass meeting at the Third Street M. E. Church Friday as it will be a continuation of the work started at the Father and Son Banquet.

The Father and Son Banquet was put on by the Red Triangle Committee and this is another one of their activities and a part of the program of work planned for the coming year in an endeavor to develop the recreational and religious work for the boys and young men of Mason county to work with the soldiers in an endeavor to assist them in becoming a more important factor in our community life.

Messrs. Bratton, Dodds, Richardson and Young will entertain the men with several male quartette selections and some special music will be furnished by Young's Orchestra during the evening. In addition to this Mr. Nels Bratton is planning some special features for the entertainment of the men. The ladies of the church are planning to serve some light refreshments.

Rev. Peters, pastor of the Third Street M. E. Church, and a representative at the State Conference for Community Workers at Camp Zachary Taylor, last week, will give a report of the meeting. Prof. Humphrey who was also in attendance at the conference will give a short talk on his impression of the Conference.

A special invitation has been extended to all returned soldiers as some important matters pertaining to their welfare will be discussed. It is the desire of the Red Triangle Committee that every man in the city interested in the development of community life and the return of the soldiers make arrangements to attend this meeting. There will be no admission and no subscriptions taken during the evening and it is desired that every man understand that it is not the purpose of the meeting to put on a campaign.

FLEMINGSBURG HOLDS MEMORIAL FOR SOLDIERS

Flemingsburg, Ky., February 26.—The Flemingsburg Red Cross chapter shipped recently 68 pinafors, 35 pajamas suits, 36 boys' shirts, 20 girls' chemises, 75 sweaters, 277 pairs of socks, 4 comforts. There is still a lot of work to be done.

A memorial service was held at the Methodist church in memory of Fleming county soldier boys lost in action. Sunday night, which was led by O. R. Bright. Other speakers were John P. McCartney and J. D. Pumpfrey. A movement was started to erect a monument to the memory of the dead soldiers, John P. McCartney being appointed chairman.

Edith Evans, 13 years old, daughter of Mr. and Mrs. Irvin Evans, was buried today in the Flemingsburg cemetery.

WOMEN IN BUSINESS

Woman's power in America is well illustrated by the thousands of women who entered almost every line of business to replace men who were drafted during the war. Health proved their strongest asset. Many women, however, developed weak, nervous conditions and could not stand the strain of a business life. Such women should remember there is one tried and true remedy in Lydia E. Pinkham's Vegetable Compound, which for forty-five years has been restoring health and strength to the women of America.

COURT HOUSE CHIMNEYS ARE IN BAD SHAPE

The falling of one of the chimneys on the West side of the Court House a few nights ago has caused the county officials to employ an expert to examine and put in condition all of the chimneys on the building. The expert finds that the majority of the chimneys are faulty and it is a wonder that those bordering Court street have not fallen before this. As this condition is very dangerous the bricks will be made secure at once.

COMMITTEE WILL INSIST ON NEW ORDER

The Claims and Accounts Committee of the City Council will insist on the new order that all claims against the city be presented on the Friday preceding the meeting of City Council so that the committee can be given plenty of time to go over the bills carefully before the Council meeting. Those not having their city bills in before Friday will have to wait another month for their check.

DEACON AND PASTOR REACH SETTLEMENT OUT OF COURT

Warrants Against Pastor of Holiness Church and Evangelist Slinger Dismissed at Request of County Attorney—Large Crowd Present at the Trial.

There was a very large crowd of people at the Court House this morning anxious to hear the evidence in the cases against the pastor of the local Apostolic Holiness church and the Evangelist Slinger who is assisting him in a revival but they were all greatly disappointed when, after a period of more than an hour of conference, County Attorney Rees announced that there would be no prosecution.

It will be remembered that the two ministers were arrested Monday on a warrant issued in Squire Fred W. Bauer's court on complaint of Clarence Mitchell, a deacon in the Holiness church. Mitchell charged that the two ministers came to his home and abused him in the presence of his wife and family and he asked that a warrant be issued charging them with using language calculated to provoke a breach of the peace.

The ministers employed Attorney Frank P. O'Donnell to defend them and they appeared in court this morning with their attorney and their witnesses ready to proceed with the trial.

Upon the arrival of County Attorney William Rees, he and Mr. Mitchell, the chief prosecuting witness, went into a room for a private conference on the case before it went to trial. After talking with Mr. Mitchell for some time, Attorney Rees called Attorney O'Donnell in for a private conference and he then held a conference with the two ministers. It was not long before Attorney Rees and O'Donnell had effected an agreement between the deacon and the two ministers and announced to the court that an agreement had been reached and that there would be no prosecution. Immediately Squire Bauer adjourned court.

The large crowd of spectators were greatly disappointed as they had expected to hear some very interesting testimony but all of the church folks were very glad that the case ended as it did and it will probably be better for all concerned and prevent a dissension and split in the church as the members of the congregation were dividing some supporting the pastor and others supporting the deacon.

Never in Mayville's history has there been a case exactly like this one and it therefore attracted more than ordinary attention from all.

SHERIFF TO REPORT ON DOG TAXES

Sheriff Galbreath is making arrangements to make his annual report to the State Commissioner of Agriculture on the number of dogs licensed in Mason county. The report of Sheriff Galbreath on the taxation of dogs and the report of County Clerk Owens on the licensing of dogs will hardly tally.

SOLDIERS PASS THROUGH

Another large train load of returning soldiers passed through Mayville this morning on their way to some camp in the West for demobilization.

THE MODERN LAUNDRY CO.

BATES & ROGERS WILL EMPLOY MANY THIS SEASON

Between 800 and a Thousand Men Will Be Brought to Mayville in Early Spring For Work on the Dam.

It became known today that already the contractors on dam 33 just East of the city have made arrangements for the employment of a large number of men on the works during the coming spring and summer.

Arrangements have been made with a number of the most prominent employment agencies in the nation to furnish a large number of men for the works here. Contracts have been made also with the government employment agencies in the large cities in this section for the employment of from 800 to 1000 men.

As in past years the management of the dam here will give preference to Mayville and Mason county men and it is certain that there will be enough employment at the dam this year so that there will be absolutely no excuse for anyone loafing who is an able bodied man.

Contractors will pay the highest possible price for all kinds of labor and if the weather is anything like agreeable there will be much work done during the season.

JOHN BAILEY HAS NOT YET SHOWN UP

John Bailey, of Lewis county, who the first of January delivered a load of tobacco on the Mayville market and then mysteriously disappeared, has not yet been located. He has left a wife and nine small children and all efforts by relatives to locate him have been without result. The Mayville police have reached the end of their string in their investigation and have been unable to learn anything that will help in locating the missing man.

PUBLIC SALE

Having leased my livery barn on East Second street to the Mayville Lumber Co., I will offer at public sale at the above place at 10 o'clock Monday, March 3, my livery outfit, consisting of horses, wagons, buggies, carts, harness and other items too numerous to mention. Terms made known on day of sale.

Mr. Walter Bryant, aged 36, of Mayfield, and Miss Nannie Yost, aged 21, of Ewing, were granted marriage license here today.

COUNTY AGENT SPEAKS TO HIGH SCHOOL STUDENTS

County Agent George Kirk Instills In High School Students a Desire to Improve Farming Conditions in Mason County.

County Agent George Kirk addressed the students of the Mayville High School Wednesday morning on the improvement of agriculture and stock in Mason county.

Mr. Kirk has made a wonderful advance step in both the farming and the stock raising in this county among the older citizens and he is now endeavoring to create an interest in the youngsters who are coming up and who will be our farmers and business men in a very few years.

The address delivered at the Mayville High School yesterday morning was especially interesting and made a strong impression on the students. Mr. Kirk dwelt especially on the improvement of the catfish of the county and explained to the boys and girls some of the many reasons why Mason county has adopted the Holstein breed of cattle as a standard breed.

CROWDS FLOCK TO MAKE OUT INCOME TAX RETURNS

It is surprising the number of people in Mayville and Mason county who are compelled to make out income tax returns this year. There is hardly a farmer in the county who escapes the law and the office of the Deputy Revenue Collector at the Government building is well filled every day.

CITY DUMP CLEANED

At the suggestion of the Public Ledger, the city's dump on Bridge street has been carefully raked and put in first class condition. It is surprising how rapidly this lot is filling up and at the present rate it will be only a few years until this property will be very valuable to the city.

MISS ELLA BRUCE'S FUNERAL

ERAL SATURDAY MORNING
The funeral of Miss Ella Bruce, the twenty year old daughter of Mr. Charles Bruce, of the Minerva neighborhood, who died Thursday morning will take place Saturday morning at 9 o'clock from the Minerva Catholic church and burial will be made in the Washington cemetery.

SELLS NICE RESIDENCE

Miss Emma Eitel bought of M. F. Coughlin a nice residence in the First Ward which she will move to early in the spring.

MUCH STOCK IS TO BE SOLD IN CITY ON NEXT MONDAY

Many Stock Dealers Announce That They Will Have a Good Supply of Animals on Hand Here For Sale on Next County Court Day.

Next Monday is County Court day in Mayville and will be work horse day. The committee in charge of the sales have been advertising it extensively among the farmers and stock dealers over this section and it is certain that there will be a good lot of animals here for sale.

One farmer in the county yesterday announced that he would have twenty-five head of fine mules here for sale Monday while others have announced that they will have from one to five head of horses or mules.

It is also expected that there will be quite a lot of cattle offered for sale during the day but special emphasis will be laid on work horses and mules.

All arrangements for the sale have been completed and Manager Chris Brown, of the Stock Yards, announces that he has everything in readiness for one of the biggest sales of the year. As this will be the March sales and as this is the changing period for the farmers in this section, it is certain that there will be quite a number of farmers in the city making final arrangements for moves to be made within the next few weeks.

Because of this changing season the local merchants should enjoy a good business on next Monday and they are making arrangements to care for a good sized crowd of shoppers and are offering some real bargains to those who will drop into their stores when in the city. The farmers are urged to bring their wives and children to Mayville on next Monday.

AUDITOR OF L. & N. R. R. DEAD AT LOUISVILLE

Louisville, Ky., February 26.—Ill since Saturday with pneumonia and a complication of meningitis, George R. White, auditor of the corporation of the Louisville and Nashville railroad, died at his home, 127 Hill Crest avenue, today. He was a native of Jeffersonville, Ind., and was 40 years old. His widow and daughter survive.

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

A solution of the Irish question is not to be looked for from the Dublin parliament. Whatever it may have to offer will be indignant. ly rejected by other Irish factions. Whatever any of them may propose for the peace and welfare of Ireland will be certainly denied by the Sinn Feiners. But at least the British government has evidently learned some sense and discovered the wisdom of acting with prudence.—New York World.

The Germans originate nothing. The taking off of the Spartacus leaders was copied from the late Victoriano Huerta, sometime dictator to Mexico, who got rid of his rival Madero in the same fashion; and Huerta copied it from the feline world, which pretends to let its prey escape and then pounces on it.—Denver News.

The great Krupp plant is now working for the United States government in making new parts for a number of cannon rejected as incomplete by the American authorities. This is the unkindest cut of all.—Baltimore American.

"THESE COLORED TROOPS FOUGHT LIKE TIGERS"

Col. William Hayward Praised Deeds of His Regiment—Fought Germans.

New York—San Juan Hill, as the colored district of New York city is called, put on its holiday dress today in honor of the return from France in honor of the Three Hundred and Sixty-Ninth regiment of negro troops, formerly the Fifteenth regiment of the New York National Guard, Colonel William Hayward, white, commanding. The troops arrived on the transport Stockholm.

When the colored fighters saw a boat carrying more than a thousand of their friends to greet them, they gave three cheers, and the famous band of New York's own "Black Watch" on the Stockholm played "There'll Be a Hot Time in the Old Town Tonight," followed by popular Southern airs.

"I am proud of my men," declared Colonel Hayward. "There isn't a braver and a cleaner lot of men in the United States army, or any other army. It certainly is a great feeling to head an organization of fighters which, in addition to having 191 of its members cited for various deeds performed in action, was also decorated as a unit. Our men bore up like true soldiers when in the face of greatest dangers. There wasn't a single whimper at any time, and they were always on the job ready to go wherever directed, regardless of perils. Our colored fighters cared less for shell fire than any white man that ever breathed."

"At one period we were under shell fire for 191 days," he continued. "It was hell, but those boys faced them, and they fought like tigers. We held one trench for 91 days without relief, and were raided every night, but we captured large numbers of prisoners. Through the magnanimity of the French ours was the first unit of Allied fighters to reach the Rhine. We went down as an advance guard of the French army of occupation."

"Bloodthirsty black men" was the German impression of the negro fighters contained in a copy of an official report which fell into the hands of the Americans, according to Colonel Hayward.

HANK'S PHILOSOFY

How welcome spring will be this year. Never have we had a winter of so much sickness and scandal in Maysville.

It looks like its the boys' time next. To negroes, the Short streeters and the Tobacco Juice Corner Club have been raided by the officers recently.

What a fond recollection of Senator Stanley the "deer peepul" of the state will have when they come to pay their taxes and buy school books for Tom and Mary next year.

Newspapers say that the next prohibition campaign will be against the use of tobacco. From the new prices hung out yesterday by the retail dealers it appears that this campaign has already begun for some of us.

The editor of the Mud Lick Gazette remarks that outflowing has done more damage in Maysville than in most any city he knows of. He says it has especially been severe with ex-city officials, poultry merchants, school teachers and express company employees.

The Slickaway Weekly Tribune says that the big city papers report a record breaking sale of whiskey on the day President Wilson landed in America on his return from Europe. The Tribune says the President's very great popularity is proven by the number who seemed anxious to get liquor to toast him upon the day of his return.

We understand there was one Maysville boy recently expelled from school because the teacher was afraid of him. It was unfortunate for that lad that he lived in a different section of the city from that in which we went to school. We know one school teacher in town, who would break this lad and would teach him something too or fix him so that no one else could ever teach him anything.

There is a number one tobacco barn and stripping house, a good dwelling and outbuildings on the place. The place is well watered.

Said farm is now in the possession of Joseph Davis as tenant of the unsigned, whose term expires March 1, 1920, and full possession of said farm will be given to the purchaser on said date. The rent for the year ending March 1, 1920, shall not pass to the purchaser, but shall belong to Hayswood Hospital. Privilege granted purchaser to seed during spring and fall of 1919.

The terms of this sale are as follows: The purchaser will be required to pay \$2,500.00 in cash on the day of sale, and the balance of the purchase money shall be due and payable, one-fifth on March 1, 1920, one-fifth on March 1, 1921, one-fifth on March 1, 1922, one-fifth on March 1, 1923, one-fifth on March 1, 1924, and to execute notes for said deferred payments, each bearing interest at the rate of six per cent. per annum, payable annually from and after March 1, 1920. The purchaser may, however, pay in cash any one or all of said deferred payments with interest up to the date of payment, and in case he shall desire to make such cash payment before March 1, 1920, he may do so, and his note or notes so paid will be discounted at the rate of five per cent. per year from the date of payment up to said date.

POWER IN THE FOODS CLUBS

(From the Philadelphia North American)

Already thirty-three States are well organized, with thousands of active centres, whose basic aim is to change the point of view of American boys and girls, both rural and urban, so they will want to engage in farming and home-making.

This admirable work is training for community leadership and farm and home co-operation of every type and kind. It is training away from the non-productive city pavement to the fruitful furrow. And showing how cultivation of the latter may be robbed of the monotony and drudgery attendant upon ancient and wasteful methods.

It is socializing community life and teaching a host of young folk the advantage of being land owners rather than wage-earners. It makes for healthy bodies and sound thinking, and paves new roads to achievement.

The great financial interests of the nation see this. That is why so many banks are sponsoring pig clubs and corn clubs and calf clubs.

The educational forces see it. That is why the schools in our smaller cities and towns are so cordially co-operating with the farm bureau officials.

And the boys and girls themselves are walking up to the wonderful opportunity thus offered them. It is an inspiring experience to attend one of their meetings and note the glow of pride in their eyes as they walk up to get medals and dollars for the fattest porkers and sleekest milkers and most prolific layers. And he has missed much who hasn't heard such a group join in some chorus like the following—sung to the familiar tune of "Keep the Home Fires Burning:"

Keep the home cow milking,
And the club corn sipping,
Tell the idle boys and girls
We work for home;
There's a club for pig growing,
While the grain we're sowing,
Boost the club work day and night,
Till we "live at home."

CITY AND COUNTY SHOULD ADOPT SOME PLAN OF WORK

Fiscal Court and City Council Should Adopt Definite Program of Work For the Year.

The Municipal Engineering Magazine say we should adopt as our motto "The Belief in Prosperity is its creation," and suggest that we start the dollar rolling—and keep it rolling.

A survey was recently conducted by their offices to determine the attitude of the various cities regarding public work and the plans they were making along this line.

Mr. William J. Spaulding, Commissioner of Public Property of the City of Springfield, Mass., says:

In reply to your inquiry regarding public work under the jurisdiction of the Department of Public Property, which may be undertaken as part of the general effort to take up slack in labor, our Department has in view the completion of a 24-inch trunk line 1½ miles in length which will cost something over \$100,000; also the replacement and enlargement of our distribution capacity in the downtown district which will cost perhaps \$30,000 more. We also expect to make additions and extensions in our electric department for taking on commercial business, which will cost perhaps \$75,000.

We agree with you that the promotion of public work is important. Personally, I feel that while this movement will help some, it will be altogether inadequate. We are referred to the period immediately succeeding the Civil War as evidence that we need have no fears for the immediate future. At that time the country had vast areas of unoccupied lands to absorb all surplus labor. This is now practically all gone and unless some comprehensive reclamation scheme, such as Mr. Lane has outlined, is vigorously pushed, I look for a great deal of unemployment.

Yours truly,
WILLIS J. SPAULDING,
Commissioner of Public Property.
The city of Maysville and County of Mason have a number of tentative plans of public work and it has been suggested that both the Fiscal Court and the City Council compile and adopt some definite program of work that they shall follow during the balance of the year.

In the Kentucky Court of Appeals Friday attorneys for the appellee in the case of Penn's administrator vs. Bates & Rogers Construction Company, filed reply to the petition for rehearing.

In the case of Herron vs. Herron's guardian, etc., the appellant filed reply brief with notice.

Is Your Blood Poor? If it is, You Need Vinol

Anaemic, run-down, nervous, devitalized conditions result from poor or thin blood. A glance at the formula of Vinol, printed on the label, will show that it contains the very ingredients necessary to make good blood. It soon creates a healthy appetite, improves digestion, and helps you to get full benefit from your daily food, and builds you up.

Drewsville, N.H. "My daughter was anaemic, had poor blood and suffered from indigestion and bilious attacks. As Vinol helped my son, I gave it to my daughter—she soon improved in health, and it has built her up and restored her health."—Mrs. N. Burnell.

Bradford, Pa. "I have used Vinol for impoverished blood. I was broken out with a rash and run down so it was hard for me to keep about my work. Other medicines did no good, but Vinol enriched my blood and improved my condition very rapidly."—Rose Lasky.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

THIS FUNNY WORLD

(Dayton News)

If it were not for love and jealousy the work of the people who are trying to keep humanity properly regulated would be much more simple than it is. A Chicago woman who had suspicions concerning her husband hired a private detective to watch him. The detective would follow the suspected husband for a few hours and then hasten to the perturbed wife to

report. Presently she began to be less interested in the things the detective had to report concerning her husband than she was in the side remarks he made concerning her loveliness, and now the husband wants a divorce, alleging that the lady whom he led to the altar has lost all interest in him and will not permit the detective to detect because it would take too much of his time. There is a moral here somewhere. Perhaps it is this: "Don't make it necessary for your wife to call in a private detective."

Alden Benedict's Fabio Romani at the Opera House tonight.

DO IT NOW

Maysville People Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms often give place to chronic disorders and the sufferer may slip gradually into some serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them. Here is one of many cases in this vicinity.

Jas. M. Newton, Gum, St., Aberdeen, Ohio, says: "I have used Doan's Kidney Pills off and on for several years and have been greatly benefited. Whenever my back has been weak or when my kidneys have been too frequent in action, I have used a box or so of Doan's Kidney Pills, which I get at Wood & Son's Drug Store. They have always relieved me in a short time."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Newton had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THE DORF'S

BLACK-DRAUGHT

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the jaded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.

The Busy Hour for Telephoning

If we comprehend that residences are ordering their groceries and supplies—that retailers are ordering from the wholesalers, that freight depots are notifying their consignees, and professionals making their daily appointments—at just the time we are doing our own ordering, it must be between nine and ten o'clock in the morning.

If the "line is busy" when we call at that time, it is also busy for others when we are using it, and the whole situation might be relieved if we called later in the day.

If the person persists in visiting during the busy hours will have fine consideration for others, she will do it later in the day. She will not under any circumstances talk over five minutes. And she will use the telephone on party lines for reasonable and necessary purposes only.

CITY MISSION MAKES CALL FOR SUPPLIES

Clothing Badly Needed By Poor of the City, Mission Officials Say.

Miss Louise Burt, acting Superintendent of the City Mission issues the following appeal for supplies:

Clothing, especially underwear is needed at once for ten children of the Sixth Ward school, boys 6, 8, 10 and 11 years; girls 8, 9, and 15. The families have been visited, conditions investigated and reported to City Mission by Miss Hart, Forest Avenue Parent-Teacher Association does not meet this week or this matter would be taken up with them. Mothers at work are in need of clothing for factory wear. One-piece dresses, separate skirts and waists and shoes are mostly needed.

Suit is wanted for one elderly woman, size 38 or 40. New garments are being made by the Settlement Club. City Mission children whose records show most regular school attendance will receive first attention. Junior books and papers are needed for City Mission reading table, also reading matter for shut ins.

A lot of play things contributed by Mrs. Dodds has given much pleasure, some being kept at the Mission and others distributed. Many such could be used, as well as games for Saturday afternoon.

Mission always open between 3 and 5 p. m. but packages can be left at Capron's store or Postal Telegraph Office.

LIMESTONE BUILDING ASSOCIATION

Opens now series March 1, 1919. A few things you know but we will remind you of them—

Your money is guarded as safely as possible. A guarantee company bonds your officers. The State Bank Examiner audits its books the same as is done in banks. Your money is loaned either on Building Association stock or on Mason county or Maysville real estate. You get all the profits less actual expenses of conducting the association.

Save while saving is good. Money to loan to buy or improve your property.

MYSTERY MAN IS TO OPEN ENGAGEMENT HERE THIS EVENING

Blackstone and His Company Here From Ohio Army Camp For Three Day Stay in Maysville.

Today's the day.

The Great Blackstone and his company of mystifiers arrived early this afternoon from Camp Sherman, Ohio, where they played a three-day engagement to capacity business, and tonight will make their bow to Maysvillians at the Opera House for a three-day run.

Those who chance to be in the vicinity of the theatre this afternoon will observe an air of mystery that is going to be reflected tonight in a capacity audience, judging by the immense advance sale not only for the inaugural night but as well for each of the other three performances. A special mystery matinee is announced for Saturday afternoon.

There will be loads of scenery, large and small crates that will arouse the curiosity of every onlooker, a whole menagerie, queer looking freaks that must command awe and astonishment. Mystery will pervade the air. Every small boy who has seen the circus billing of the Great Blackstone on the boards and elsewhere will picture the little red devil that on the bill boards whisper their secrets into the ears of their big, manly-looking master.

Blackstone invites, even challenges detection. His whole performance is staged so that his work is executed near the audience, where everybody will have an opportunity to inspect his work at close range. He is said to be the only magician, illusionist and prestidigitator who does not insist upon the stage crew leaving the stage while his performance is in progress.

The superman of mysticism does much of his work in the aisles and between the rows, so that his spectators may watch his clever hands at work. He invites men and women from the audience to go upon the stage during his performance to make their own inspection and investigations. He makes them do card tricks they never dreamed they could accomplish. He permits them to literally scour the stage for appliances and methods of trickery during his illusion of resistance, the Levitation and Disintegration of Princess Zrah.

In brief he defies the world.

One of his most elaborate achievements, one that all magicians and illusionists have agreed is the masterpiece of the art, is "The Bachelor's Dream," which will be town talk for weeks after the superman's departure from Maysville.

From two large plain tables on the stage Blackstone produces a completely furnished bedroom, with bride asleep in the bed, a maid in waiting nodding at the foot of the bed, a dresser fully equipped, washstand with pitcher and bowl, an electric floor lamp and many other adornments of midday's boudoir. In just 47 seconds he makes this transformation from two plain tables and a large army truck would be required to move the furnishings from the stage.

Everybody in Maysville has read in the newspapers, on the bill boards, in the shop windows on the street cars the injunction "Ask the Hanc or Death." That is the crowning spiritualistic achievement of the Blackstone production. The spirit rapping, answering questions propounded by spectators, will be a feature of each performance and its operations will be materially enlarged at the Saturday mystery matinee for the benefit of the women patrons of the Washington Theater.

DRAFT BOARD STILL HAS MATERIAL

Although they received instructions to prepare all of their records, forms and material for shipment back to Washington during the middle of February, the Mason County Draft Board still has the material and has heard nothing further in regard to its shipment. It now appears that the board will be kept in existence for some time.

FRANK SHEA EXPECTED TO COME HOME TODAY

Lieut. Frank Shea, who a few days ago landed in New York from France where he has been with his command, will arrive in Maysville this afternoon having received his honorable discharge from the army. He will be welcomed back by his many friends who are very glad that he got through without injury.

BOARD OF EDUCATION WILL HOLD MEETING

The City Board of Education will hold its regular monthly meeting at the High School building Friday evening to transact regular business. Nothing of much importance is to come before the board at this meeting.

TEDDY HOOK DRAWS 4 YEARS FOR FORGERY

Mason County Youngster Enters Plea of Guilty in Bracken Circuit Court and Will Serve Four Years on Two Indictments.

Teddy Hook, of this county, who has figured in more than one forgery case in the past five years and who was arrested a few days ago in Bracken county on a charge of forgery, entered a plea of guilty before Judge C. D. Newell, at Brooksville yesterday and was given two years on each of two counts making a term of four years he will have to serve.

As Hook is but 18 years of age he will have to go to the State School of Reform at Glendale where he will remain until he is of age and he will then be transferred to the State Penitentiary at Frankfort to finish his term. It is peculiar that Hook did not want to go to the Reform School but asked that he be sent direct to the penitentiary.

He has served a term in the Reform School and escaped from that institution and it is expected that this is his reason for not wanting to return to Glendale.
